SAHARA MOTORS DUBAI

The 2026 Toyota Land Cruiser 250 2.7L Petrol 4WD 5-Seater Automatic is a capable combination of performance, practicality, and rugged versatility, designed for daily driving, family journeys, and demanding adventures. Powered by a 2.7-liter four-cylinder 2TR-FE engine, it produces 164 horsepower at 5,200 rpm and 245 Nm of torque at 4,000 rpm for dependable performance across varied driving conditions. Paired with a 6-speed automatic transmission and part-time 4X4 system, the SUV provides confident control on highways and challenging terrain. Its 2,580 mm wheelbase and 4,510 mm body length support a balanced stance, while 18-inch black alloy wheels with 265/60R18 tyres complement its rugged character. With a 63-liter fuel tank and 2,500 kg gross weight, it offers practical capability.

Inside, the Land Cruiser accommodates five people while providing a comfortable and functional cabin. The interior features dual-zone automatic air conditioning, synthetic leather seats, a leather-wrapped steering wheel, push-start button, keyless smart entry, power windows, and power door locks. A 7-inch TFT multi-information display keeps key driving information visible, while the power-adjustable driver's seat adds convenience. The cabin also includes synthetic leather-wrapped front door trims and instrument panel, along with a 4WD transfer switch. For entertainment, the 12.3-inch display audio system supports AM/FM, DAB, Bluetooth, wireless Apple CarPlay, and Android Auto, with six speakers providing a practical audio experience.

Safety and exterior equipment add further confidence to the 2026 Land Cruiser. Airbags for the front, side, curtain, and driver's knee are supported by ABS, Brake Assist, Electronic Brake Force Distribution, Vehicle Stability Control, Hill Start Assist, Downhill Assist, and a rear differential lock. A panoramic view monitor, tyre pressure monitoring system, front and rear parking sensors, Parking Support Brake, emergency call system, and ISOFIX child restraint system provide additional assistance. Toyota Safety Sense 3 includes Pre-Collision Safety, Lane Departure Alert, Automatic High Beam, and Adaptive High Beam System, while Dynamic Radar Cruise Control, Blind Spot Monitor, and Rear Cross Traffic Alert enhance driver awareness. Exterior equipment includes LED headlights, fog lamps, daytime running lights, powered retractable mirrors, black overfenders, side steps, mud guards, roof rails, a silver bumper guard, and a rear door-mounted spare wheel.
