SAHARA MOTORS DUBAI

The 2027 Mitsubishi Montero GLS P-Line Prime Edition is a powerful and versatile SUV designed for comfort, performance, and adventure. Powered by a 3.0L MIVEC petrol engine producing 216 HP and 285 Nm of torque, it features an 8-speed automatic transmission and a four-wheel-drive system with a differential lock for enhanced traction. Its bold exterior includes 18-inch alloy wheels, a chrome package, LED headlamps with daytime running lights, front fog lamps, rear LED combination lamps, roof rails, side steps, and a rear spoiler. The 360-degree view camera and front and rear parking sensors add convenience when manoeuvring in tight spaces.

Step inside the Montero to experience a spacious seven-seat cabin finished in black leather. Power-adjustable front seats with lumbar support provide added comfort, while the leather-wrapped multifunction steering wheel features audio, telephone, voice, camera, and cruise control functions, along with paddle shifters. An 8-inch smartphone-link display, two USB ports, and an eight-speaker audio system enhance connectivity and entertainment. The sunroof and dual-zone automatic climate control create a pleasant atmosphere for everyday driving and long family journeys. Additional conveniences include push-button engine start, an electric parking brake with Auto Hold, and a hands-free power tailgate.

The 2027 Mitsubishi Montero GLS P-Line Prime Edition combines advanced safety technology with practical driver-assistance features. Its safety systems include ABS, EBD, Brake Assist, Brake Override, Active Stability and Traction Control, Hill Start Assist, and Hill Descent Control. Driver and passenger airbags, side and curtain airbags, and front seatbelts with pretensioners provide additional occupant protection. Advanced features such as Adaptive Cruise Control, Forward Collision Mitigation, Blind Spot Warning, Mis-acceleration Mitigation, and a tyre pressure monitoring system further support driver confidence. With 218 mm of ground clearance, a 70-litre fuel tank, and a robust four-wheel-drive setup, this seven-seater SUV is suited to family travel and varied driving conditions.
