

2023  
LEXUS  
RX350h  
EXECUTIVE

The 2.5-liter electrified hybrid powertrain in the RX 350h produces 246 HP and 233 lb-ft of torque while maintaining indisputable fuel efficiency. The RX350h Executive promises a smooth ride, a good selection of common accessories and a reliable hybrid drivetrain. The Lexus RX quickly wins people over with its graceful dynamic presence and striking appearance. It symbolizes a brand-new degree of Lexus luxury that goes above and beyond what is often expected of a high-performance vehicle.

door toward the tire, creating an expression that visually evokes the powerful traction produced by the rear motor. While a precisely honed character line runs from front to rear, creating an arrow-like profile with the flowing roofline to minimize drag, reduce noise and lend stability at high speeds.

It's easier than ever to park. During parallel parking or tight parking spaces, Advanced Park automatically controls the vehicle.

Always be in control with the Adaptive Cruise Control. It monitors other vehicles and objects on road to automatically control acceleration and braking.

For 2023 the RX features our most advanced safety technology including Lexus Safety System+ 3.0. From a Pre-Collision System with intersection support technology, to technology that can slow the vehicle when it detects a pedestrian in its path, Lexus Safety System+ 3.0 is the most comprehensive active safety system ever included as standard in a Lexus.
