SAHARA MOTORS GROUP

The 2025 Toyota Land Cruiser 76 Hardtop G V6 is a robust and versatile vehicle designed for both rugged terrains and urban environments. Powered by a 4.0-liter, 6-cylinder petrol engine with VVT-i technology, this model delivers a maximum output of 228 horsepower at 5200 RPM and a torque of 360 Nm at 3800 RPM. The 6-speed automatic transmission enhances the driving experience, providing seamless gear shifts, while the four-wheel drive (4x4) capability ensures superior traction and stability on various surfaces. With a fuel tank capacity of 130 liters and an impressive fuel economy of 8.0 km/l, the Land Cruiser 76 is built for long journeys without frequent refueling stops. Its dimensions, measuring 4970 mm in length, 1800 mm in width, and 2180 mm in height, coupled with a 2730 mm wheelbase, offer ample space for up to five passengers, including the driver, making it perfect for family adventures or off-road excursions.

The exterior of the 2025 Land Cruiser 76 is both functional and stylish, featuring 16-inch alloy wheels and rugged tyres sized 265/70R16C, which provide excellent grip and durability. The front black bumper, LED headlamps, and daytime running lights enhance visibility and safety, while the snorkel adds a practical touch for water crossings. Additional features such as over fenders, power side view mirrors, and a spare wheel cover contribute to its off-road aesthetics. The vehicle also includes mud guards at both the front and rear to protect against debris, ensuring that the Land Cruiser remains in top condition even in challenging driving conditions. Safety is paramount, with features such as remote central locking, power windows, cruise control, and a rear camera for improved visibility.

Inside, the Land Cruiser 76 is designed for comfort and convenience, showcasing high-quality leather seats and a well-appointed dashboard with a wood grain effect. The front seats are separate, providing a comfortable space for the driver and passenger, while manual air conditioning and strategically placed AC vents ensure a pleasant cabin environment. The vehicle is equipped with a display audio touch screen featuring wireless Apple CarPlay, two USB-C ports, and digital audio broadcasting radio for an enhanced entertainment experience. Toyota's Safety Sense technology further elevates the vehicle's safety profile with advanced systems like the pre-collision system, lane departure alert, and automatic high beam, ensuring peace of mind on every journey.
