SAHARA MOTORS GROUP

The 2025 Mitsubishi L200 Double Cab GL 2.4L Petrol 4WD Manual is a powerful and reliable pickup truck, designed to handle both urban and off-road terrains with ease. Equipped with a 2.4L petrol 4-cylinder engine and an advanced electrical fuel injection system (common rail) with a fuel heater, this truck ensures optimal performance in all conditions. The 5-speed manual transmission with Easy Select 4WD provides seamless gear shifting, allowing drivers to adapt to different terrains effortlessly. With a fuel tank capacity of 75 liters, the L200 offers extended driving range, making it a practical choice for long-distance travel and heavy-duty applications. Additionally, the front skid plate, engine room under cover, and rear body guard frame add durability and protection for off-road adventure.

Inside, the L200 Double Cab GL is designed for comfort and convenience, featuring front sports-type separate fabric seats with manual sliding and reclining functions. The rear seats consist of a low-back bench with two head restraints for additional passenger support. The cabin is equipped with modern features such as a remote keyless entry system, tilt and telescopic urethane-wrapped power steering wheel, and a 3.5" multi-information display providing essential driving data. Entertainment and connectivity options include an AM/FM CD player with two speakers, Bluetooth wireless technology, and a USB charging outlet. The vehicle also boasts manual air conditioning with enhanced capacity for hot climates, along with power windows featuring an auto up-down function and anti-trapping mechanism for the driver's side. Storage solutions like a glove box with key cylinder and illumination, a 12V accessory socket, and a sunglass holder enhance convenience.

The exterior of the 2025 Mitsubishi L200 features a bold and rugged design with the Black Edition package, including a stylish front bumper, rear bumper, radiator grille, and black outer door handles. The truck is equipped with halogen headlamps with manual leveling, LED rear fog lamps, and front fog lamps with bezels for improved visibility. Additional exterior features include a UV-ray-reducing windshield, rain-sensing wipers, front and rear mudguards, and cargo bed outer hooks for enhanced functionality. Safety is a top priority, with features such as speed-sensing automatic central door locks, an emergency stops signal system, brake override, hill start assist, trailer stability assist, and an anti-theft engine immobilizer. The inclusion of two SRS airbags for the driver and front passenger, ABS with EBD, and brake assist ensures a high level of protection. With a wheelbase of 3000mm and a gross vehicle weight of 2850kg, the L200 strikes a perfect balance between strength, comfort, and advanced safety, making it an excellent choice for those seeking a dependable and high-performing pickup truck.
