SAHARA MOTORS GROUP

The 2025 Toyota Hilux VX Double Cab Pickup is a robust, reliable, and stylish truck that delivers outstanding performance, safety, and convenience. Whether for work, adventure, or everyday driving, this Hilux model is built to exceed expectations and handle any challenge with ease.

The exterior of the 2025 Hilux VX is both stylish and functional. It features a bold chrome radiator grille, LED headlights with automatic light control, LED front fog lamps, and a rear fog lamp, ensuring excellent visibility in various driving conditions. The side turn signals are integrated into the chrome electric mirrors, enhancing visibility and style. The rear bumper features a steel step with a chrome finish, while the black over fender moulding gives the Hilux a rugged, off-road-ready appearance. The high mount stop lamp with LED lighting improves safety, making the vehicle more visible to other road users.

For parking convenience, the Hilux VX is equipped with parking support alert with brake assist and clearance sonar sensors (front and rear), making manoeuvring in tight spaces easier and safer. The tailgate features a chrome handle, and the standard bed liner with guard frame ensures durability and protection when carrying heavy loads.

For added luxury and practicality, the Hilux includes dual automatic air conditioning, ensuring a comfortable cabin environment for all occupants. The front seats offer reclining and sliding adjustments, providing maximum comfort for both driver and passenger. The front cool box adds convenience for long trips, while the power windows and smart door lock system enhance ease of use. The push-start ignition system adds a touch of modernity and security.
